Coal

I
is the total black, being spoken
from the earth's inside.
There are many kinds of open
how a diamond comes into a knot of flame
how sound comes into a word, colored 5
by who pays what for speaking.
Some words are open like a diamond
on glass windows
singing out within the passing crash of sun
Then there are words like stapled wagers 10
in a perforated book—buy and sign and tear apart—
and come whatever wills all chances
the stub remains
and ill-pulled tooth with a ragged edge.
Some words live in my throat 15
breeding like adders. Others know sun
seeking like gypsies over my tongue
to explode through my lips
like young sparrows bursting from shell.
Some words 20
bedevil me.

Love is a word, another kind of open.
As the diamond comes into a knot of flame
I am Black because I come from the earth's inside
now take my word for jewel in the open light. 25
